SUMMARY

Computer Engineering student graduating in 2027 with experience in web development and full-stack projects. Skilled in C/C++, Python, JavaScript and SQL, with hands-on Node.js/PostgreSQL development, Playwright testing and technical documentation.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, SQL, HTML, CSS
Development & Testing: Node.js, PostgreSQL, Playwright, Git, GitHub, AWS
Data & Delivery: Pandas, NumPy, Power BI, Excel, Agile, technical documentation

EDUCATION

B.Tech, Computer Engineering | Maharaja Surajmal Institute of Technology
Aug 2024 - Jul 2027 (Expected) | CGPA: 8.73/10

Diploma, Computer Engineering | Delhi Skill and Entrepreneurship University
Dec 2021 - Jun 2024 | CGPA: 8.13/10

PROJECTS

GymSetu | Full-Stack SaaS Marketplace
Node.js, PostgreSQL, Playwright | github.com/gitzboy1/GymSetu

- Built a gym marketplace with dynamic membership tiers, a real-time analytics dashboard and a Node.js/PostgreSQL backend.
- Implemented end-to-end Playwright tests for checkout and onboarding; defined user stories for an AI-powered recommendation feature.

EYSONIC | Smart Band for the Visually Impaired

- Prototyped an Embedded C wearable using ultrasonic sensors with audio and vibration alerts for obstacles within 1-2 meters; demonstrated at a college showcase.

EXPERIENCE

Data Analyst Intern | StaplerLabs Jun 2026 - Aug 2026

- Cleaned and validated internal datasets using SQL, Python and Excel; checked missing values, duplicates and inconsistent formats before reporting.
- Updated recurring reports and Power BI dashboards; documented data checks and reporting logic for team reference.

Web Developer Intern | KDSESJS Jun 2025 - Jul 2025
Kama Devi Swasthya Evam Shiksha Jagriti Sansthan

- Built the NGO website from scratch, translating stakeholder requirements into a structured interface for health and education programs.

IT Division Intern | Airports Authority of India Sep 2023

- Mapped IT infrastructure workflows and documented system gaps; maintained operational reports and asset trackers across 3+ airport divisions.

Security Engineer Intern | CERT-In Jun 2023 - Jul 2023
Indian Computer Emergency Response Team

- Authored 10+ cybersecurity audit SOPs, documenting technical processes for internal compliance, training and reporting.
- Supported incident-response coordination with public and private sector CERTs and maintained cross-functional operational documentation.

ACHIEVEMENTS & CERTIFICATIONS

Achievements: AIR 6, LEET Exam | DSEU Topper Scholarship Holder; AIR 295
Certifications: Python Programming - Google for Education; Artificial Intelligence and Machine Learning Foundation - RF Skilling Academy
